This Quebecois trio played at the Muni Arts Centre in 2008 and while they were relatively unknown to most, they were a smash hit.

Since then they have become one of the most sought-after exponents of Quebecois musical culture. Firmly rooted in the soil of their native land, this energetic and original power trio also incorporate the dynamism of contemporary North American and European folk cultures into their music. They weave precise and intricate fiddle and flute work, gorgeous vocal harmonies, energetic foot percussion, and guitar and bass accompaniment into a jubilant musical feast.
